

The Imperial Oak Base-Burning Double Heater

This heater is a combination of an oak and base burner, having all the advantages of the former, besides having a base flue which carries the heat around the bottom of the stove, assuring a warm floor and giving perfect control of the fuel.

The large plate under the ash pan is removable and the flue can be cleaned easily.

The stove has a double body and a hot air pipe and can be connected to carry the hot air up to any particular room. It is fitted with a revolving shaker grate and has a gas ring where the air can be taken in underneath the fire door, supplying air to the gas ring in the top of the fire pot thereby burning the gases arising from the soft coal.

Brazeau Line Coming to Red Deer

General Manager McLeod, of the Canadian Northern Railway, has advised E. Michener, M.P.P. for Red Deer, that the Brazeau branch of the company from Stettin to the Brazeau coal fields will build into Red Deer next year. This will be pleasing news to the citizens of Red Deer and district. It is also asserted that the Strathcona-Calgary line will be built next year, and that not only will they go through Red Deer but we will in all probability be a divisional point on the line.

Boy Scouts' Presentation

Last week the wolves patrol of the Boy Scouts presented Chief Rothnie, who has always taken such a genuine interest in the Boy Scout movement, with a pair of fine gantlets and the following address:

Red Deer, Nov. 19, 1910.
Mr. Geo. Rothnie.

Sir:—On the eve of your departure for your new home, we, the Wolves Patrol of the Red Deer Boy Scouts, desire to tender some appreciation for the services you have rendered to the Boy Scouts of this town. We hope that you will accept this small token of our esteem in the spirit in which it is offered. When about your duty in your new home we hope that when you don these gloves you may think of the pleasant times you enjoyed with the Red Deer Boy Scouts.

Yours very truly,
on behalf of the Wolves Patrol,
F. WRIGHT,
Chief of the Wolves Patrol.

The Otters Patrol also presented Chief Rothnie was taken completely by surprise, and made a fitting and, for him, eloquent reply. He said he was always interested in the Boy Scout movement, and would ever have in remembrance the happy days he had spent with the Scouts of Red Deer.

Mr. Michener Explains

To the Electors of the Red Deer

Constituency—
On account of some misleading statements which have been made relative to my present position, I take this opportunity to briefly review my position as your representative in the Provincial Legislature.

In the first place I was elected as a Conservative candidate with a free hand to exercise my best judgment in support of good government. Now, Sirs, the more I learned of the policy and the party and, for the less I found myself able to conscientiously give them my support. Indeed the government became so discredited that fourteen members who were elected to support them bolted from the government ranks. Then came the resignation of the Rutherford government and the calling to office of the Prime Minister, Hon. A. L. Sifton.

As autocratic as this action was it would not have been so bad if the new government had gone in for house cleaning. But we find one of the defenders of the iniquitous deal taken into the new cabinet, while those who saved the country at great personal sacrifice were turned down. The same officials, with one exception, who had so much to do with the manipulating of the A. & G.W. deal are still in office. I could not stand for such a white washing of so bad a transaction. I found myself in a position where I would either have to resign from my position or give a strong opposition to a deplorable state of machine politics.

While my personal preferences would have been to quit the whole uninviting field of party politics, a sense of responsibility forced me to accept, at least, for the time being, the leadership of the opposition, to oppose machine and corrupt politics in this country.

Furthermore, I felt the opportunity to promote all the great educational, moral and material interests of this new province was worth the personal sacrifice necessary to give one's time and energy to this great work.

The Editor of the Advocate suggests that my present position is not in accord with the people's wishes and in reply permit me to say I am ready to go back to the electors whenever the Premier is willing to go back to the people for endorsement. If the Editor of the Advocate will present me with a requisition to resign my seat and go back for the endorsement of the people signed by one hundred of my supporters at the last election, I am willing to do so. I have no desire to hold office without representing the wishes of the majority of my constituents. Indeed, I would be quite satisfied if the people relieved me of a responsibility assumed only from a sense of duty. In the meantime if my critics will exercise a little patience I believe they will see that I am acting in the interests of my constituency as well as in the interests of the province.

Yours faithfully,
E. MICHENER.

Sacred Cantata

Mr. J. E. Walton and his choir of the Leonard Gaetz Memorial church are to be congratulated on the very capable rendering of the sacred cantata "The Gardens of the Lord," on Tuesday evening. With the assistance of Mrs. Collinson, Mrs. Leary, Mr. French, and one or two others, they thoroughly delighted a large audience and reflected the highest credit on Mr. Walton's leadership. The more difficult chorus work was especially well done.

The following were those who took part:

Sopranos.
Mrs. Collinson, Mrs. Leary, Miss Huestis, Mrs. Cootie, Mrs. E. Wilson, Mrs. H. Trimble, Mrs. D. Hone, Miss Simonite, Miss E. Brumpton, Miss M. Mott.

Contraltos.
Mrs. G. Best, Mrs. W. G. Brown, Mrs. B. Alford, Mrs. A. Laurence, Mrs. H. Wallace and Miss L. Brumpton.

Tenors.
Messrs. H. Allen, P. Plank, E. Wilson and A. Wilson.

Bass.
Messrs. W. Cootie, F. Matkin, Reg. Taylor, H. Moore, and H. French. Mrs. Cootie, Miss Huestis and Mr. Matkin were the soloists from the choir, Miss Huestis doing particularly well. But Mrs. Collinson's voice, over low and sweet, sounded particularly pleasing in connection with the organ, and was the most charming solo of the evening.

Obituary Notices

Moral Beckett, brother of D. H. Beckett, passed away on Tuesday evening last, aged 67. Deceased had led a roving life, and was injured by a fall ten or twelve years ago, breaking his hip and crippling him for life. Rheumatism also assisted in making him a cripple. About five years ago he came to his brother's in Red Deer, and has since resided here. A short time ago he was taken with consumption of the glands of the great suffering, on Tuesday of last week. The funeral took place on Thursday morning to the Red Deer cemetery, Rev. Mr. Huestis conducting the service.

Miss Lena Mary Hull, beloved daughter of Mr. and Mrs. J. D. Hull, departed this life at the home of her sister, Mrs. R. J. Randolph, on Nov. 13th, 1910, after two years' illness.

Deceased was born at Sanger, Fresno Co., California, on the 31st day of March, 1892. Died at the age of 18 years, 8 months and 13 days, with enlargement of the spleen. She bore her suffering very patiently until the last three months of her life, when moved with her parents to Iowa, residing there until nine years of age, thence to Alberta, Canada. She leaves to mourn her loss father and mother and four sisters, Mrs. Grace Radway, of Mentor, Minn.; Misses Zada and Ruth Hull. Although she had been a sufferer for so many months, she did not take to her bed until four days before her death. She was loved and respected by all who knew her. The family have the sympathy of the entire community.

The funeral service took place at the undertaking parlors, Rev. Brown officiating. Afterwards the remains were laid to rest in the Red Deer cemetery.

Her voice, so sweet, is hushed and still.
She rests in peace above;
Her place on earth can ne'er be filled.
Her life was one of love.
She rests in peace, so we rejoice,
Though tears are in our eyes.
We seem to hear her angel voice,
Singing in Paradise.

Many friends will extend deep sympathy with Mrs. E. C. McLeod and family in the death of Miss Jennie M. McLeod at the early age of 21 years. Miss McLeod has not been in the best of health for a year or more back, having one or two serious illnesses; and an operation the end of September, which, it was hoped, might help her, found her too weak to take advantage of it. Last week the serious turn came, and she passed away very happily on Tuesday morning.

Miss McLeod had vocal gifts of a high order which so long as her strength permitted, were freely at the service of church and charitable organizations; for years she had been an active and valued member of the Alexandra Club. Owing to the death of her father many years ago, the family are among the oldest and most highly respected residents of Red Deer, the deceased having passed practically the whole of her life here. Her death will leave a great blank in the home and among the many friends and acquaintances by whom she was so much esteemed.

The funeral on Thursday afternoon was very largely attended. Rev. C. H. Huestis, her pastor, and Rev. W. G. Brown conducted the service. There was a wealth of floral offerings, among them suitable emblems from the Choir, Ladies' Aid and Young Women's Guild of the Methodist Church, from the Alexandra Club, and from the R. C. Brumpton staff.

Supreme Court

The sittings of the Supreme Court closed on Friday afternoon last.

In the Castor bribery case Constable Knight was acquitted. The case against John Russell for attempting to shoot Chief Rothnie came up. He claimed to be under the influence of liquor and his brain was weak, and he was not responsible for his action. He was found guilty and given three months at hard labor, and he wore a very satisfied smile as he left the stand.

Thompson was given another year for forgery to run concurrently with the other case.

Newcomb got six months for stealing goods from N. Murphy & Co's. store.

No decision was given in civil cases.

Reinholt vs. Town of Red Deer was reserved for jury.

Massey Harris vs. Coghill. Judgment reserved.

L. I. D. Convention

The Provincial Local Improvement District Convention assembled at Red Deer yesterday with the encouraging attendance of seventy-five to one hundred delegates.

Mr. Wm. Mason, of Bon Accord, is President, with Mr. J. McNeil, Blackfalds, secretary.

Among those present from this district were:

James McNeil, secretary-treasurer, J. Barron, Blackfalds; W. P. Coder, S. D. McConnell, Red Deer; A. Sim, Leslieville; G.M. Grimsom, Markerville; O. Sigurdson, Solheima; W. L. Center, E. J. Freeman, Innisfail; H. A. Brownlow, C. H. Whitworth, Bentley; Peter Clark, Stettin.

Mayor McKee made a suitable address of welcome.

The President's address made appropriate reference to the late Arthur Hives, chairman of L.I.D. 19-24, through whose invitation the convention met at Red Deer. He also outlined the policy of the association and the gain of having a Provincial Local Improvement District organization to watch legislation, to interest the people in their work, and to present their wants to the government.

Mr. Geo. Hoadley, M.P.P. for Okotoks, was one of the speakers of the afternoon.

School Board Meeting

At the School Board meeting on Wednesday night Chairman Carswell, Trustees Munro and Gaetz were present. Mr. Carswell presided and Mr. Gaetz acted as secretary. The minutes of the previous meeting were read and approved.

Mr. A. R. Gibson was appointed to attend the meeting in Calgary on Thursday evening for a Provincial Council of Boy Scouts, and cordial invitation was extended to have the next central meeting in Red Deer.

The roll attendance for October was 370, average attendance 90 per cent. The Principal also reported that new rooms would be needed next August, as there would likely be an increase of 20 or 30 in the lower rooms in the spring. In the High School standards, one of the most serious deficiencies Principal had found was lack of accuracy in the four elementary rules of arithmetic; this was prevalent also in the common school course, owing to the over crowding of subjects in the common school course, as it was too extended for the amount of time allotted. He considered it essential that the standard of the common schools be good in reading and composition, legible writers, and accurate in the four elementary operations in arithmetic. Accuracy must be acquired by Standard III, if not Standard II. He was aiming, with the co-operation of the teachers, to affect an improvement in this respect.

The Townsite Co. submitted an alternative offer to the Board's offer of \$4,000 for the block on the corner of Second Avenue east and Munson. They would sell 330 x 270 feet, but wanted the row of lots on Second Avenue. The chairman and several trustees had looked over the Town Park on this side to see if it was available, but the creek cut the land there up too badly. Trustee Gaetz rather favored offering \$5,000 for the whole block; the trustees were all averse to having a row of bare lots, and a lane abutting on a school property if they could help it.

The hour of starting school was fixed at 9.3 a.m. beginning Nov. 21. The matter of the Board supplying scribbling books free so as to get a better quality of paper and improve the writing; the consideration of an alternative offer for the Munson St. school site; the accounts; and the further consideration of the Principal's report were left over to a fuller adjourned meeting of the Board.

Laurier Being Assailed in Quebec With the Weapons he Used in 1896.

Ottawa, Nov. 4th.—Liberal newspapers are demanding sympathy because of the attacks made on the Laurier Government in the bye-election in Drummond and Arthabaska. But who taught the Nationalists to see in every expenditure of public money for purpose of defence a deep-laid scheme to entrap Canada into Imperial wars? None other than Sir Wilfrid Laurier himself. His victory in 1896 so far as it was won in Quebec was based upon a campaign of abuse of the Conservative government for spending a million dollars to arm the Canadian militia with modern rifles instead of the old Snider gas-pipes in the face of the American threat of invasion over the Venezuela affair.

Mr. Armand Lavergne, one of the leaders of the Nationalists, made an interesting remark in this connection. His father, Judge Joseph Lavergne, represented Drummond and Arthabaska in 1896 and was an intimate friend of Mr. Laurier as the Liberal leader then was. Mr. Armand Lavergne has stated that his father ran his election of 1896 on a denunciation of Sir Charles Tupper for buying those rifles. Sir Wilfrid Laurier taught the father to see in the spending of one million dollars for rifles a plot against the liberties of Canada, who taught the son to see a similar plot in the spending of fifty or sixty millions on a navy?

In 1896 L'Electeur, which proclaimed itself to be the organ of the Quebec of the Liberal paper has this to say: "Old Tupper has an arrangement with Chamberlain, under which we are to take part in the wars of the Empire. Some day the British officer will visit you, and take the son from his mother, the husband from his wife, the young man from his betrothed, and all will be sent to Africa or to India to whiten the plains with their bones."

Here is another passage from the same newspaper: "One of Old Tupper's whims is Imperial Federation, which signifies an intimate alliance between England and her colonies, especially Canada. One of the conditions of this alliance would be that in time of war Canada would be called upon to pay its share in money and men. In return England would create these droll baronets, knights of this and commanders of that. But the people will remain fond for the cannon. Why all these armies? Why fight for England? The electors should remember that the great big chiefs who are ready to throw us into the sea for the benefit of others will not be the ones to support the burden of it. It is the electors who will have to use these carbines and these cannon. The Tupper, the Angers, the Tallons will be in their ministerial domiciles when they send us to fight for England. With joy in their hearts and a glass of champagne in their hand they will send our children to Africa or to Asia, whence they will never return. If you vote for the Blue Cockade you will approve of these preparations for war."

In conclusion the voters of Quebec were advised to "vote for Laurier and his candidate, and you will see your country enjoy tranquillity and do not expose yourselves to have to leave one of these fine mornings for distant shores, leaving behind your wives, your children, and all that is dear to you."

There are some peculiarly fine touches in the above, that in regard to sending the children of the province to Africa, for instance, and that in regard to the creation of "those droll baronets, knights of this and commanders of that." There have been a lot of this lately.

What is worrying Sir Wilfrid Laurier in 1910 is, therefore, just what his friends, on the press and on the stump, in 1896 made use of to worry his Conservative opponents, and made use of with effect. There is no occasion of extending to the members of the present government the sympathy because of the course the Nationalists are now pursuing. The weapons of Mr. Bourassa and his associates were forged by the friends of Sir Wilfrid Laurier, which friends also showed how such weapons could be used.

THE UNEXPECTED.

Winnipeg Tribune: The unexpected is continually happening.

When Sir Wilfrid's friends designed and outlined the Triumphal Tour in the West, who expected that out of it would grow an emphatic answer to the Tariff Reform agitators in Britain? Who expected that out of the Triumphal Tour would arise the movement for the creation of a deputations that has ever waited upon a parliamentary body in any English-speaking country?

When Sir Wilfrid Laurier appointed the late member for Drummond and Arthabaska, did he think for a moment that he was about to reveal his own weakness in Quebec, and foreshadow his probable defeat as premier of Canada? How could he be defeated in this historic Liberal-Laurier riding? Was he not a veritable giant, as the Star (Liberal) pointed out, worshipped by the people of Quebec? Idols of clay, however, do not seem to be made of the stuff the stars are made of.

Many unexpected things, politically have happened in a brief moment. Many more will happen. Men propose, but they cannot see about the corner. Canada has no reason to be sorry for what has happened.

MR. PUGSLEY LAY DOWN

Ottawa, Nov. 17th.—Busy Mr. Pugsley's latest "vindication" is receiving the editorial comment of the press. Listen for example to the Hamilton Herald, an Independent paper. "The Dominion Government," it says, "allowed Contractor Mayes to win his suit by default. No evidence was submitted. The government could better afford to pay Mayes what he claimed than to have Mayes subjected to cross-examination."

That is exactly what occurred. Here was the Department of Public Works with three counsel ready to defend the suit, an array of witnesses ready to testify, a strenuous denial on the record that Mr. Mayes was entitled to a cent, all the forces of the department lined up to fight a litigious contractor, and what happened? The Crown's defence suddenly collapsed like a house of cards.

Less than twenty-four hours before the hearing, Mr. George Mevity had been subpoenaed to give evidence as to his dealings with Mr. Pugsley and Mr. Mayes. Mr. Pugsley appears in court, ignores counsel, witnesses and the Crown's defence, takes the case into his own hands and settles it by paying Mr. Mayes nearly \$10,000 and costs. And the item of \$5,000—the only one in Mr. Mayes' claim he is not asked to pay—is which Mr. Pugsley's evidence was material, and which Mr. Pugsley himself had repeatedly said was not owing—he agrees to pay in full.

As was sarcastically remarked by the St. John Globe, a Liberal paper: "This case in Mr. Pugsley's department as handled by the minister himself in a most excellent precedent, striking in its originality, notable in its simplicity and wonderful in its results."

BRIBERY BY PUBLIC WORKS

Liberal Party's Record in Bullying Constituencies for Voting Against It.

Ottawa, Nov. 18th.—When E. M. Macdonald, M.P., serves notice on the city of Lethbridge that it would get no postoffice until it voted Liberal he was simply following the regular Liberal plan of bullying constituencies by promising unnecessary public works if they vote Liberal and threatening to withhold needed public works if they vote Conservative. Here, for example, is the sort of campaign which the Liberals ran in Halifax against Mr. R. L. Borden and his colleague Mr. Crosby: Promise of bringing the Grand Trunk Pacific terminal to Halifax. Promise that the Canadian Pacific would come to Halifax.

A union depot.

A steel bridge across the Narrows. A steamboat pier at Dartmouth. The Halifax and Musquodouvoit railway.

In addition it was urged that the Government had incurred an expenditure of \$5,000,000 on the port; that it had not had a \$250,000 Customs House; that it had spent \$200,000 in improving the post office; had spent \$100,000 on the coast of Halifax county; that it had reopened the dockyard; that it had named the forts with Canadian troops.

Then when Halifax voted Conservative the Liberal newspapers served notice on the New Scotia constituencies which had dared to vote Conservative might expect punishment. The Halifax Chronicle said on election day: "The electors of this election all the most important public interests that Liberals in Halifax have been struggling for for years, and they have been promised to desire, were hanging within our reach. The government policy meant the beginning of a new era for the port of Halifax. * * * and now, just at the critical time, when these things were within our grasp, our own people, misled by a treacherous Tory newspaper, and by unpatriotic Tory leaders, have by their votes thrown our great opportunity to the winds." And later on: "If the Government takes the people of Halifax at their word, who will have cause to complain? And again: "They have declared by their votes that they do not want these things, and if the Government is disposed to take them at their word, and extend these favors to other constituencies and other ports which have been loyal to their interests, the Tories of Halifax and their dupes will have themselves to blame."

The Chronicle said in the same issue: "Halifax has, if the verdict of the electors means anything, declared that it does not want to share in the great traffic of the Dominion, and does not want the G.T.R. and the A.R. line. Certainly, it will never get either by the election of Borden and Crosby. Let there be no mistake about that."

After having had time for reflection, The Chronicle returned to the subject as follows: "Halifax, Colchester and Cumberland, through which the national highway runs, have declared against the A.R. line, national ports, etc. Let the Liberal Government take heed of these emphatic expressions of opinion for they are unmistakable."

Let, then, our statesman like good constitutional governors revise their plans, and so remodel them as to conform to the public mind. Fortunately, there were constituencies which were not paribled, and which will make room, so that the splendid structures may not lose their symmetry, nor be short of its usefulness to Canada. With these exceptions, so far as these Maritime provinces are concerned, let the good work go on.

That is the political school in which Mr. Macdonald has been trained. That is the matter in which the Laurier Government spends the money raised by taxing all the people of Canada, Liberals and Conservatives alike.

Inspector Boyce was down at Calgary working on the Public School sub-committee of the Alberta Education Association's General Committee to recommend changes in the Public and High School courses of study, last week.

The trustees of the Methodist Church have sold to Mr. Melvin Young the house and two lots on First Street north known as the Fry property. The sale was negotiated through the office of Michener, Carscallen & Co.

Mr. J. Carlyle Moore, who has been acting as right-of-way agent of the Alberta Central railway, has been advanced to the position of general solicitor of the road, a recognition of Mr. Moore's ability in the service of the Company.

The Williams Jubilee Singers had a splendid house in the Lyric on Thursday, 10th, and gave an excellent concert which delighted the large audience. The male voices were exceptionally good. The Presbyterian Y.P.U. appreciate very much the kindness of R. C. Brumpton in placing the handsome Holmstrom competition piano at the disposal of the company. They will be back again next season.

Mr. Frank Whiteside of the Castor Advance, so well and so widely known throughout the Red Deer district for his services in the Stockgrowers' Association and kindred interests, has been appointed one of the Honorary Inspectors for this district to succeed Mr. W.D. Magee, transferred to British Columbia. Mr. Whiteside will take the district east of the line between ranges 15 and 16 near Castor, and Mr. Robinson, the west part of the B. C. boundary. They cover townships 35 to 42, inclusive. Mr. Whiteside will prove a thoroughly competent official, and one closely in touch with all the conditions of pioneer life in the Province. The Government is to be congratulated on securing the services of a man of Mr. Whiteside's standing and character.

SAVING THE EDITOR.

Here is a minister who appreciates the editor. At a recent editorial convention he offered the following toast: "To save an editor from starvation take his paper and pay for it promptly. To save him from bankruptcy advertise in his paper liberally. To save him from despair send him every item of news of which you can get hold. To save him from profanity write your correspondence plainly on one side of the sheet and send it to him as early as possible. To save him from mistakes, bury him. Dead people are the only ones who never make mistakes."

IS MR. MICHENER INCONSISTENT?

It was not enough for Premier Sifton to leave himself open to a sharp rebuke from R. B. Bennett, when he charged Mr. Michener with being inconsistent in taking the Conservative leadership, but the Advocate returns to the charge and publishes a lot of stuff Mr. Michener said to show he really was independent, and tries to prove he was not elected as a Conservative and has no right to stand as such.

Mr. Michener was the choice of the straight Conservative convention called to select a candidate to represent them.

No Liberal or Independent had any say in that Convention. This the Advocate knows.

Mr. Michener was given a free hand to take a certain independent course if he saw fit.

The Conservative provincial convention in selecting him as the leader of the party in Alberta gave him the same free hand, and if he had not done so, he would not have accepted the important position of leader.

Under the circumstances, Mr. Michener is perfectly justified in the course he has taken.

PUBLICITY MOVEMENT.

The Board of Trade and citizens have decided on a forward movement. The time has come when Red Deer must forge ahead. By resting on our oars we are doing the town an injury from which it may take years to recover. A meeting was held on Monday morning to discuss the situation.

It was shown that already citizens have subscribed \$3,000 towards carrying on a live publicity campaign and a strong progressive push will take place all along the line.

A publicity agent will be engaged to be known as publicity commissioner of Red Deer with office at the town office, and the town will probably supplement the fund raised by the citizens by a grant of \$1,500 or more towards the movement.

Among other things discussed was the taxing of real estate men. A license of \$100 each was mentioned. If this was done there could be small kick from the ratepayers and the real estate men would be protected from the curb stone brokers.

A grant of \$1500 would not be more than a mill on the dollar increase to the small ratepayer and no property owner could well afford to oppose such an increase as the non-resident ratepayer would then be obliged to assist in the development of the town instead of reaping the benefit of all forward movements without helping to pay the cost.

STARTLING DEVELOPMENT.

A most startling article was published in the Edmonton Journal on Friday last, which, if true, will explain a great deal of the reason why Mr. Sifton stepped down from the exalted position of Chief Justice of Alberta to have a finger in the political pie of the province.

The Journal says: According to reports current in the city yesterday, Premier Sifton has decided that the Waterways railway should not be constructed and that the \$7,400,000 now lying in the bank to the credit of the provincial government shall be used in the erection of government buildings. If the Prime Minister has reached this

decision he has selected an ideal road on which to wreck the government.

What Edmonton wants and what the whole province desires is that the north country should be tapped by the railroad and at the earliest possible date. The development of this city and other cities in this section of the province demands it. Alberta is far more in need of railways than it is of palatial public buildings, and if the latter course is adopted, the Premier and his followers will find themselves with another election on their hands in which the main issue will be whether the monies of the province shall be expended for the benefit of a few or the public in general.

Premier Sifton has steadfastly refused to lay down any policy, and was elected through the strength of the Liberal machine. The electors were assured by hordes of paid spell binders that the ex-chief justice would prove the Moses who would lead the government out of the tangle in which it found itself enmeshed. His first act was to hurl a few sarcastic and unwarranted, if not unparliamentary, remarks at the newly elected leader of the opposition; his next act was to inform his friends that he had decided not to build a railway which every intelligent voter will admit is becoming more a necessity every day.

Premier Sifton was railroaded into his present position by an unconstitutional act of the Lieutenant Governor but any attempt to defraud the people of the province out of their rights will result in his complete overthrow and will be the first step towards relegating him and his supporters into political obscurity.

WORSE THAN THE NATIONALISTS.

Mr. Perault, the defeated Government candidate in Drummond and Athabasca, appealed to the electors on the separation platform. He said in one of his speeches: "Our fleet is not, and never will be, Imperialistic; it is a step towards the independence of Canada." The Montreal Witness, now a zealous Government organ, reports the political meeting at Victoriaville last Sunday night, at which representatives of both parties spoke. It says: "Mr. Island, M.P., and Mr. Gauthier, two of the best orators of the Ministerial party, were the choice. It was a splendid duel in which every good reason for or against the navy was presented in the most able manner. The Liberal speaker advocated the Navy Bill as the most glorious measure ever passed by the Canadian Parliament. They declared that it was a step towards the independence of Canada, for only a nation could have its navy." Mr. Beland delivered several other speeches in the constituency. His principal point in each oration took the form of an attack upon Mr. Borden and the Conservatives. He asserted that if Mr. Borden and the Conservatives had had their way we should have been committed to a contribution to the navy of Britain. Edouard Faig-non, described by Le Canada as a prominent farmer of St. Albert, in the County of Athabasca, was one of the Liberal campaigners. He was represented as a "convert" from the Conservative ranks. The argument he presented to the electors took the form of an appeal against "the Orangists." "I do not see the necessity," he said, "of turning out the Laurier Government to please gentlemen who are working for the advantage of a party that is against our race, the party of Mr. Borden, who is controlled by the Orangists."

These are specimens of the Liberal eloquence that was expended during the hot campaign. They show that the Laurier Liberals are no better

than the Nationalists by whom they have been beaten. While the Nationalists employ strong language, the Liberals raise the race cry, introduce religion, promise separation from the Empire, and blame Mr. Borden for being a friend of Britain. It is impossible to condemn the Nationalists and to support the Laurier Liberals. The English-speaking people of Drummond and Athabasca were on the spot, and knew what was being said. The offensive character of the Liberal oratory, the tone of the Liberal speakers, who came with separation from the Empire as the justification for the naval scheme, compelled these electors, in choosing the lesser of the two evils, to declare for the Nationalists. Let it not be supposed that the Laurier Liberals have been defeated because they represent a pro-British policy. The reverse with which they have met is attributable in a large degree to the fact that they preached separation—Toronto Mail.

EDITORIAL NOTES.

Medicine Hat will vote on the system of government by commission during election for aldermen. The people will also vote on proposal to change the name of the city.

E. Michener's appointment as Provincial leader of the Conservative party in Alberta is causing much favorable comment.

"When Mr. Michener was a candidate in Red Deer his politics were Red Deer, but that was such a long, long time ago," says Calgary Alberta. Yes, dear boy, just about as long ago as you published the photo of certain men named Rutherford and Cross fourteen times a week at the head of columns of slush regarding their virtues; and about the time a certain white-haired boy named Riley was your pet. But that was such a long, long time ago.

France consumes 50,000,000 pounds of horse flesh for human food each year, and of this two-fifths is consumed in Paris. Well, prime, healthy horse flesh might not be so bad, but it turns one's stomach to think of the multitude of diseased, broken down skates that are shipped from Great Britain to feed the people of Germany and France.

According to the reports of the German Government the consumption of beer decreased from 125.1 litres in 1900 to 111.2 litres in 1908. It increased in France from 27 litres to 36 litres, and in the United States from 69.72 to 79.45. It decreased in the United Kingdom from 142.92 to 125.44. These are per capita figures.

The growth of the grape fruit in public favor has been phenomenal. Twenty years ago it was introduced into Florida as a curiosity.—A shipment of two cars to Chicago proved a failure a year later, although bought from the grower at 50 cents a box. Now they sell rapidly at \$3.50 a box, and special lots bring \$4 to \$5.

A movement has been begun to bring about the packing of cigars and cigarettes in tin boxes. Negotiations are going on with a United States tin plate company for the supply of the material and it is said the American Tobacco Company will soon begin to market its product in tin, instead of in cardboard boxes.

The world's production of tea is estimated at 1,200,000,800 pounds, of which China has half, and rather more than 5 is produced in the British Empire (India, Ceylon and Natal). The last year's export of Indian tea brought \$235,100,000. India produces considerably more than half the British-grown.

Red Deer Agricultural Society Meeting

Red Deer, Alta., Nov. 12, 1910.
In compliance with instructions from the Hon. Duncan Marshall, Minister of Agriculture, a meeting of the members of the Red Deer Agricultural Society was held in the I.O.O.F. hall on Saturday afternoon, Nov. 12.

The meeting was called to order by appointing Mr. A. P. Olsen chairman, who in a few chosen remarks intimated the object of the meeting by the re-organizing of the Society.

The following was then moved by Stephen Wilson and seconded by A. B. Nash, and resolved that in the opinion of this meeting it was desirable to reorganize the Red Deer Agricultural Society.

After some little discussion by those present, the following officers were chosen:
President, A. P. Olsen; 1st Vice President, Stephen Wilson; 2nd Vice President, A. B. Nash; Directors, A. H. Gehrke, L. Egelkraut, W. Bickley, Chas. Cruickshank, H. Denison, Edwin Plumb, Edward McConnell, D. Belune, and A. D. McKenzie.

It was moved by S. Wilson, seconded by Chas. Cruickshank, and resolved that A. D. McKenzie be appointed secretary.

After which the following resolution was moved by Chas. Cruickshank and seconded by A. H. Gehrke. Resolved that this meeting express its deep sorrow at the sudden and unexpected death of our friend and neighbor, Mr. Thomas Brown, that the sympathy of the meeting be extended to Mrs. Brown and family in their sad and sudden bereavement, knowing as we do the services he rendered to this and kindred associations, we realize in a small measure how his services and companionship will be missed in the home circle. His familiar form will not again be seen on our streets, but time will not efface his memory. All people, irrespective of class and creed, who with each other in extending to the family, and friends of the deceased in foreign lands, their tender sympathies.

This resolution was carried with a silent vote.

A copy of the above resolution was then ordered to be forwarded to the family of the deceased and to each of the local newspapers.

After which the following was then moved by A. D. McKenzie and seconded by D. McClure, and carried: That this society do now assume all the financial and other responsibilities incurred by the late Thomas Brown on and in behalf of the Red Deer Agricultural Society. Whereupon, the president, A. P. Olsen,

was then appointed to act as a substitute for Mr. Brown.

The following motion was moved by A. B. Nash, seconded by L. Egelkraut, and carried: That the Board of Directors be authorized to make arrangements with the Red Deer Exhibition Association with a view to the settlement of matters now in dispute in respect to the exhibition grounds.

After which it was resolved as follows: That a select committee of three, namely Chas. Cruickshank, Dr. C. C. Grant and the secretary, be appointed to confer with a similar committee selected by the Red Deer Exhibition Association to receive or consider any proposition which might be offered, having in view a satisfactory and final settlement of matters now in dispute between organizations.

Stephen Wilson moved, and Edwin Plumb seconded, that Dr. C. C. Grant and D. S. Long be appointed auditors, and that they be officers members of the Board of Directors.

The Board of Directors held a short session and instructed the President to settle with Messrs. Michener & Caracallon for the use of hall. Mr. Michener, being present, in his usual cheerful manner replied that they would not charge anything, and expressed himself as pleased, and hoped nothing would stand between the society and their having a good auction in Red Deer next year, which could be brought about only by the united efforts of town and country.

The meeting then closed, the directors to meet again on Saturday, Nov. 19, in the sample room of the Windsor hotel, at 3 p.m.

A. D. McKenzie, Secretary.

SPECIAL MEETING OF SONS OF ENGLAND BENEFIT SOCIETY.

On Wednesday evening, November 3, a special meeting of the Sons of England Benefit Society was held in the Oddfellows' Hall for the purpose of installing a White Rose Degree Lodge in connection with the Red Rose Lodge of the Society in Red Deer.

A number of Sons of England members came up from Calgary and included District Deputy Sup. Pres. Bro. J. Emmerson, Bro. J. T. Child, P.P.; Bro. R. B. Gale, F.S.; Bro. W. F. Waterman, P.P.; Bro. T. W. Brown, I.G.; Bro. A. G. Brown, O.; Bro. Dr. W. W. Rippen, all of Lodge Calgary, No. 204, and Bro. Covey of Lodge Lansdowne, Peterborough, Ontario.

After conferring the White Rose Degree upon twenty-one of the members of the local lodge, the local lodge, D.D.S.P., formally presented the Charter to the President Bro. C. P. Mellor, and in short, but able, speech, congratulated lodge Red Deer No. 395 upon the progress that had

been made since its institution in April, 1909. The lodge, which has now a membership of over 90, has been very ably assisted in the work by Bro. Dr. George, Bro. S. Wilson and Bro. W. Beaumont of the local lodge.

The visitors who arrived on the noon train spent the afternoon in visiting friends and looking over the town. It was a great revelation to some among them who had never been here before. They were delighted with the situation of the town and the signs of progress and prosperity that are so apparent to any new comer.

Bro. J. T. Child, who is City Engineer for Calgary, spoke of having visited Mr. A. T. Stephenson at the town office and had been looking over the waterworks, etc. He was highly delighted with the development of Red Deer and spoke in terms of great praise about the new pump that had just been installed.

Altogether a splendid evening was spent, the members of the local lodge expressing their disappointment at not being able to extend the hospital visit they would have liked to have done, owing to having received such short notice of their coming.

The visitors left on the noon train on Thursday expressing their intention to return to Calgary, and Red Deer at the earliest opportunity.

Correspondence.

Red Deer, Nov. 21st, 1910.
To the Editor of The News.

Dear Sir:—Seeing the time for the election of a new Mayor and Councilors is close, it sets me thinking who we shall have nominated to fill the seats. I have been watching the doings of the Councilors through the past year, and holding the same principles regarding the matter, should either of the retiring members seek re-election, I cannot vote for them, they having all forfeited their right to the seat they now hold, each of them having violated the law as laid down for the North West Territories, by doing business for the Council in some way or another either by supplying goods, doing work, or that of insurance.

I may be called a kicker or crank, but when I know I am right I do not mind, as it is time someone kicked the way things are going on, and I would kick harder and have the matter settled once and for all by taking it where it would be looked into, but I do not feel called upon to do so alone, as I consider it the duty of every ratepayer who believes in the town's business being carried on in a straightforward and honest way, to take his share, and if a number will, I am waiting and anxious to join them, as were our Councilors made to understand they, like other people, must obey, we should not hear such complaints of

their doings, as I see no reason why they should ignore and violate the law from the Mayor down, as if they do not obey the law, how can they expect other people to do so? But, Mr. Editor, I do hope that those who, like me, think the way things have been done is wrong—and I know there are very many—will have the courage of their convictions, and do as I shall do—vote only for those who are against such goings on, and will give their vote to oppose it, and we will have men for Councilors who will take the seat for the honor and good of the town, and although I have written what I have, I feel I have not written too plainly, or given figures to show the amount each Councilor has received, but I could do so if called upon, as I have the reports of the Council as given in both Advocate and News, but only to look through them makes one think it is the mighty dollar they are after and not the honor or benefit they can be to the town.

Now, Sir, as to the position of Mayor, I should like to see someone fill that place capable of doing so, who has the time at his disposal to bestow it, and if the gentlemen I have in my mind would take it, I feel sure we should have an ideal mayor in the person of Mr. Joseph Wallace, who, from what I have seen of him, is a straightforward and good business man, and well qualified to fill such a position, both in ability and as a property owner, and I hope we may have him as mayor anyway for a term.

In conclusion, I thank you for the space in your paper, and trust things may be done in the way they should so that I may not trouble you for space again on the subject, and will remain a fighter for right and fair play.

Yours truly,
FRANK MOTT.

A beautiful silk collar in assorted colors with a pretty edge of Dresden silk trimming makes this a very desirable line and we have marked it close as leader. Special 35c each.

Turkish Towellings

If you require something exceptionally good in Turkish Towellings go not forget to inspect our stock. We have a very heavy quality in fawn and white stripes with a nice soft finish, which will give extra good service at 25c per yard. Another special line is an 18 inch wide Turkish Towelling good weight in white only at 15c per yard.

Flannelette Sheetings 45c yd

A new line of goods to arrive last week was a piece each, grey and white Flannelette Sheetings. This is a line we have been waiting for a short time and has been much wanted. Our price 45c per yard.

Small Ware Specials

We received this week a case of very fine violet Talcum Powder, put up in a large size can with shaker top, which looks like a \$1 line compared with the size of the can you usually get for 25c. Our special price 25c per can.

A very handy article for domestic use at a low price is a neat little hand scrub brush varnished at 5c each and a plain line the same size at 2 for 5c. 2 new arrivals worth scouring are a line of fine clean white Pearl Buttons assorted sizes at 5c and 10c per value. These are very special values, and will be picked up rapidly.

LADIES' SUITS

You will want to take One of these Suits

home with you, won't want to even trust it out of your sight after getting it at such a low price. There are just six of them, fine French Diagonal Serge, in two pretty shades of blue, light and dark navy.

Coats cut in the new style and lined throughout with brocade sateen. The correct style of skirt with pleated panels.

Special \$12 each

Ladies' Winter Coats

Are here in a variety of weaves and styles. The prices are really irresistible for the quality and style of the garments. We have good serviceable Coats in black and blue Cheviots, trimmed with silk braid. Special at \$6.50. We have also a generous assortment in the new styles at \$8.50, \$12.00, \$15.00 and \$18.00, and at the prices we are selling these goods it will be impossible for us to duplicate them this season. Better not put off buying your Coat much longer or you'll be disappointed.

Press Opinions on the New Leader.

(Edmonton Bulletin.)
The Provincial Conservatives have selected Mr. E. Michener, M.P.P., of Red Deer, as their leader. Necessity perhaps helped to determine the choice, for Mr. Michener has not been regarded as an inveterate Conservative. In fact he is said to have publicly declared during his election campaign his intention to support the Hetherford government on matters of general policy. If it was desired to have a leader who had a voice in the Legislature, only two other candidates were eligible and only four others possible. Mr. Bennett, the retiring leader, was pressed to retain the crown, but resolutely waived the honor. It is not known that Mr. Hoadley, the other Conservative member, was asked to assume the responsibilities. The Conservative press has obligingly adopted Mr. Patterson, the newly elected member for Macleod, but as that gentleman declares his own opinion to be that he is an independent, he really had no chance. Mr. O'Brien, the Socialist member, was, of course, a possibility, but it was doubtful if he could rally a united party and be depended on to remember what he was shouting for. Disavowal, of course, with respect to the governing convention and the gentleman of their choice, Mr. R. B. Bennett will continue to be the leader de facto of the Provincial Conservatives.

(Strathcona Plaindealer.)
The selection of Mr. Michener, of Red Deer, as provincial leader of the Conservative party in Alberta at the convention on Wednesday comes as a surprise to the people of the province. It will seem strange for a mild mannered man like Mr. Michener to be found in the seat so recently occupied by Mr. R. B. Bennett in the Legislative chamber, especially when that gentleman in a subordinate position. Leadership of the Conservative party in this province is a role from which the politicians shrink. Such men as Mr. S. McCarthy, W. L. Walsh, R. B. Bennett, J. D. Hyndman and F. A. Morrison have all declined the responsibility. Not so, however, is it if the party smelt victory ahead. It is the homelessness of the task that has created the situation which causes the mantle of leadership to fall upon Mr. Michener and he will be a veritable Moses if he can guide the Conservative party out of the opposition wilderness in which they have so long and wearily been wandering. Mr. Bennett's experience was most discouraging. Through his towering ability he caused a vote split in the Liberal ranks, but he failed to gather to his standard the disaffected ones and by a masterly stroke of political diplomacy the Liberals have been united and the Conservative force has not gained any political advantage by reason of the big artillery practice which Mr. Bennett and upon which we were not surprised that Richard is once again disgusted with politics and desires to retire to private life.

SENATE REFORM.
Senate Reform has a trick of bobbing up severely now and then. Lake Banquo's ghost, it will not down and stay away. Recently a prominent Liberal politician made public a letter which he had written to Sir Wilfrid Laurier on the subject in the course of which he urged the immediate reform of the upper chamber, by making it elective by popular vote and limiting the term of office to ten years. The Conservative Herald does not like the idea of a popular vote and would prefer election by the local legislatures. It would like to have the number reduced to six. The Herald's objection to popular election is that it would amount to a choice of a senate by the same constituency as chooses members of the House of Commons. We think the fact that the senatorial constituencies would not coincide with those in elections to the Commons would to some extent meet the Herald's objections. We are not opposed to the idea of election by the legislatures, but in fact we are in preference to it. The fact that the present system is a vicious one is shown by the fact that during the long Conservative regime the Senate became almost wholly Conservative and under the Liberals it is becoming almost wholly Liberal. It is all very well to say that prime ministers ought to be above the influence of party in making senatorial appointments, but as a general proposition however short prime ministers may be on statesmanship, they are usually long on partisanship.

The safety of Quebec is the Federal system which Carter and Brown imposed upon Sir John Macdonald and its representatives set a bad example when they persuaded Parliament under the leadership of a French-Canadian to limit the constitutional rights of Saskatchewan and Alberta. The News has been believed that Mr. Borden and his associates who resisted that legislation were the best friends of Quebec and the day may be at hand when the soundness of that view will be clearly manifest. Quebec is entitled to all the legislative autonomy which the constitution should have secured to the Western Province, and as it is zealous for its own rights and privileges it should scrupulously respect the rights and privileges of other communities.—Toronto News.

PROVINCIAL AUTONOMY

To the Editor of The News.
Dear Sir,—Autonomy in its real and full sense is the one thing most essential to the right development of provinces and greatness of nations. It is not a means to an end, it is an end itself. To secure it and diffuse it should be the object of society and of all political communities.
In Alberta we suppose, because we cannot help it, that we are going along at a rate of which no previous example has been seen, and, right, that, amid the pride and flush of our prosperity we should inquire what price we are paying for our success, and before we announce our fortune, balance our books. When the matter of extending autonomy to this Province was under consideration in 1904 the present Alberta Premier was a first class character. His policy that we should own and administer the lands of this province, in fact he drew up the resolution which was sent to Ottawa and which also had the earnest consent of the now Lieutenant Governor of Alberta. Both these gentlemen then being Ministers of the Federal Government. That they both decided from the principle (insisting on it) we all well know; for what reason, we can only surmise, but certainly not in the public interest.

It is significant in our day that though we may complain of existing conditions and wish to shake them off, we continue to tolerate them, even though at the expense of fortune and good government. But whether the Federal Government becomes convinced or not that the lands and minerals of Alberta can be entrusted to the control of the Province to which they rightly belong, with safety to the program of the west; there can be little doubt that Alberta will eventually secure her rightful heritage, by virtue of compulsion, if not through spontaneous surrender on the part of Ottawa. Year by year Alberta's necessity for additional revenue is more urgent, see our Provincial bank account of today to say nothing of the legislative building account, and the university site and building accounts. The needs for roads, bridges, etc., while the need grows by leaps and bounds, the sole revenue will be the paltry and inelastic subsidy received from Ottawa. Examine what the Dominion receives annually from us and what we get in return. Then think of the yearly revenue to the Federal Government when our huge tracts of coal are accessible.

The bargain is childlike, the loss is a privation and a wrong, the Provincial rights of Alberta must demand this grievance. No temporary interest must divert the attention from this insufferable injustice, the Province must insist upon its demand from Ottawa—though perhaps the Federal authority will discreetly surrender the spoils when a strenuous fight has begun. Let not our minds be dwarfed and stunted by the checks and limitations to which this Province has been perpetually subjected, but see to it that the question is before the legislature.
Let there be no decay of vigor and keenness of character, no decay of audacity both of conception and execution which marked a big man of former times. Then we will get our inherent provincial rights.

SCHOOL ATHLETIC ASSOCIATION.
A meeting of the School Athletic Association was held in the School on Monday, there being representatives from Public and High Schools. In place of A. A. Munro, who has left the school, Leonard Gaetz was appointed Secretary, and after discussion, the following resolution was passed: "Resolved that: the original idea of selling the piano, if won by the School, be abandoned; and that, in view of present requirements and future building, the piano, if won by the School, be handed over to the School Board; and, further that a more vigorous campaign be now instituted, wherein it should be pointed out that the school is an old institution, a public one, and one worthy of the support of the citizens and the surrounding country; also that the idea of selling the piano has been given up."

Do You Suffer from Piles?

If so, we would ask you to enquire amongst your friends the value of Zam-Buk for this ailment! You cannot but meet with some one who has proved how excellent it is.

Mr. H. E. Hill of Shelburne, Man., writes:—"I suffered a long time with piles and tried numerous remedies, but without effect. Having tried a sample of Zam-Buk and being encouraged by the result, I persevered, using two boxes. It worked like magic, and effected a complete cure in a very short time."

Mr. James Ruddy of Killaloe, Ont., says:—"I suffered greatly from piles. The pain from these—at anyone who suffers from them will know—was almost unbearable. I tried first one remedy and then another, but all without effect. Then I heard about Zam-Buk and determined to give this wonderful balm a trial. I obtained a supply and commenced with the treatment, and to my great joy, after perseverance with Zam-Buk, I obtained permanent relief from the agonizing pain of the piles. Having been cured by Zam-Buk, I heartily recommend the balm to all sufferers."

The Lyric was crowded with a most highly appreciative audience Monday evening last to hear the world famous Royal Welsh Ladies choir. The whole entertainment was a pronounced success, and the band are to be congratulated on the success of the entertainment.

The Great West Hotel property and two cottages, situated on lots 5, 6, 7, 8, 9, 10 and 11, in block 4, plan H, excepting the westerly thirty feet of lots 8, 9, 10 and 11, were sold yesterday by Sheriff Mellor, the price being something over five thousand dollars. C. W. Parke was the buyer.

Magistrate Crispin Smith, of Calgary, and his friend, Mr. Wilson, and his two sons, have been informed on good authority, taken up a section of land west of Rocky Mountain House. Mr. Smith is tired of city life, and has decided to settle in what he thinks is the finest section of land in Alberta.

An interesting lecture, entitled "Shadows of a Great City," illustrated by light line views, was given in Chalmers' church, Penhold, on Tuesday evening. The lecturer, Rev. L. E. Gosling, who spoke from experience, delighted a large audience with his stories of life in New York. Two well rendered solos (illustrated) by Mrs. Gosling added to the enjoyment of the evening.

What might have been a panic was caused at the Lyric Monday night, when a Chinaman hearing the fire bell sounding, yelled fire. A move was made for the exit, but it was at once checked by the cool heads standing at the door, and the audience cooled down, the ladies never even stopping their song. The alarm was caused by Joseph Wallace seeing the moon rising over J. J. Gaetz' residence, and thinking the place was on fire. The alarm went in that H. H. Gaetz' residence was on fire, and the brigade dashed there to find no fire, of course. The joke is now on Justice Wallace.

BECKETT-HENSHAW.

A very quiet wedding took place on Monday morning last, when Alberta, youngest daughter of D. H. Beckett, was married to Walter Henshaw, of Red Deer. The wedding took place at the residence of Rev. Mr. Keith, Victoria Avenue, Rev. Mr. Brown performing the ceremony. The happy couple left on the noon train for Edmonton, where they will spend their honeymoon. On their return they will reside with the bride's parents for this winter, moving out to their ranch in the spring.

BANQUET TO CHIEF ROTHNIE.

A farewell banquet was tendered Geo. Rothnie, late Chief of Police, for Red Deer, by his many friends, Friday evening last, at the Albert Hotel, on the eve of his departure for Kamloops, B.C., where he has been appointed to the police force of that city.

There were some thirty-five of the leading citizens of the town present, and a most bountiful spread was presented by mine host J. Rutan, the genial host of the Albert.

After all had done ample justice to the good things provided, the following toast list was carried out: "The Town"—proposed by R. L. Randall and responded to by Mayor McKee, and Councillor Carscallen.

"The 15th Light Horse"—proposed by W. L. Gibson and responded to by Major Gaetz and Lieut. J. C. Moore.

"Law and Order"—proposed by J. H. Menzies and responded to by J. S. Simpson and Dr. J. Collison.

"Our Guest"—proposed by R. L. Gaetz, together with a presentation to Chief Rothnie of a solid gold locket, suitably engraved for himself, and a silver bread plate for Mrs. Rothnie. Aloy responded to by Chief Rothnie.

"The Carriers"—proposed by W. J. Bortell and responded to by R. C. Brumpton and W. E. Payne.

"Old Soldiers"—proposed by Dr. George and responded to by Commissioner Stephenson and Capt. Cottingham.

Several other toasts including "Our Host," which was proposed by H. H. Humber, and responded to by J. Rutan, the manager of the Albert, concluded the toast list, after which the banquet broke up by singing "Auld Lang Syne," and the best wishes of his host of friends for prosperity in his new field of labor.

FURNITURE FOR CHRISTMAS GIFTS.

Pretty soon now, we will again be celebrating the gladdest time of the whole year.

Talk as you like there's nothing that can or will take the place of Furniture, or some Article of House Furnishing, in the esteem of Gift givers.

There is nothing else so serviceable, nothing else that will remind, on every day of the Year, of the giver as some nice piece of

FURNITURE.

We have made an extra effort this year, and have gathered together the finest lot of useful and serviceable articles, and novelties, that we could possibly obtain.

We have many pretty and useful gifts for both the young and the old. In fact we have gifts for every-body.

Just come in and see what a nice showing we have, it is no trouble for us to show our goods.
